Sub:-- Schools- secondary- municipality- adoption of Govt scales of pay for the teachers in Secondary schools.

Ref:-- Govt. Memorandum No. 71164 B/49-4 Edn. dated 26-7-50.

While reviewing the Revised estimate for 49--50 of this municipality by Govt, they have anticipated that the general accounts would close with a balance of Rs. 98426/- but as per the annual account for 1949--50 , it closes with a balance of Rs. 151613/- the receipts and charges for the year being Rs. 446980/- and 414542/-. Hence the council is in a position to give effect to the Govt. scales in the secondary schools as the additional cost per year will be about Rs.2600/- However the subject will be placed before the next council and its resolution communicated to Government.

The information called for in your above reference is furnished below.

The estimated additional annual income from the proposed increased rate of school fees is as follows.

1. Municipal High School. Rs. 3,700/-
2. Muslim Mupl.High school. Rs. 920/-

The average additional cost of the Municipal High School by adopting Govt. scale of pay will be Rs.3,037/- as against the income of Rs. 3,700/-/

In the case of Muslim Municipal High School the income per year will be Rs.920/- as against the additional cost of Rs. 1,428/- . As the Muslim Municipal High school is a net cost institution, the excess expenditure over the increased income from the school fees has to be met by the Government, and incase the Government scales are adopted to the Muslim Municipal High School.

The R.E. for 1950-'51, as proposed to be revised, will close with a balance of Rs. 1,08,230/- and the B.E. for 1951-'52 with a balance of Rs. 48,320/-. On the basis of the B.E. for 1951-'52, the net ordinary receipts fall short of the expenditure by Rs. 15,710/-. The financial position of the council has yet to be improved. The Council cannot meet the proposed recurring expenditure.

No doubt as stated by the Commissioner in his letter dated 1-8-1950 on page 12 c.f., the general account of the municipal council closed with a balance of Rs. 1,51,513/- on 31-3-1950. This balance will be reduced to Rs. 1,08,230/- on 31-3-1951, according to the R.E. for 1950-'51 and to Rs. 48,320/- according to the B.E. for 1951-'52. It may, however, be not difficult for the council to meet the immediate cost of the proposal to adopt Government scales of pay for Secondary school teachers; but the question is how the the council will meet the recurring expenditure of Rs. 4,000/- when the General Account is expected to work at deficit of (Receipts Rs. 4,91,740/- minus expenditure Rs. 5,07,450/-) Rs. 15,710/- according to the council's B.E. for 1951-'52. In the file dealing with the B.E. for the municipal council for 1951-'52 it has been suggested that the council should be asked to retrench expenditure under suitable heads in order to have a working surplus in future years. The above position may be explained to the council and it may be asked to state how it proposes to meet the recurring expenditure. Information regarding the rates of school fees levied at present in the Secondary Schools may be obtained in this connection. The rates of fees laid down in the Madras Educational Rules are as follows:-

Forms I to III - Rs. 2-12-0 per pupil for ten months in a year.

Forms IV to VI - Rs. 5-4-0 per pupil for ten months in a year.

B

If the rates of school fees ~~be~~ are to exceed above ~~maxima~~ rate, the sanction of Government is necessary. It may be ascertained from the council whether the extra cost involved cannot be met by an increase of the rates of school fees and if so, whether it is willing to increase the rates in order to meet the extra cost.

Please see the note of the L.A. Dept. above. It is not known whether fees are levied in the Ml. High Schools, Bellary, over and above the standard rates. The information may be obtained from the Commr. It does not seem desirable on the part of Govt. to take up the question of increasing the rate of fees in the high schools under the control of ~~the Ml.Cl., Bellary~~ local bodies. The proposal should ordinarily emanate from the Ml.Cl., as in the present case every increase in the rate of school fees will be looked upon with disfavour by the parents and it will tend to bring down the popularity of the institutions. A draft memo is however submitted below for approval. If the rate of school fees is less than that obtaining in other institutions in the Dt. then the question of increasing the rate may be suggested to the Ml. Cl.

From the Comr., Bellary Mlg No. Roc. 2730/50 d. 8.5.51.

The proposal in this file relates to the adoption of Govt scales of pay for the teachers in the Secondary schools under the control of the Ml.cl. Bellary. The entire extra cost involved in the proposal should be met from the funds of the Ml.cl. As the financial position of the Ml.cl. is not satisfactory and it cannot afford to meet the entire extra cost from its funds the Ml. council was asked to examine the possibility of enhancing the rate of School fees levied in the Secondary schools so as to cover the extra cost involved in the adoption of Govt scales of pay. The Ml.cl. has now proposed to increase the rate of School fees as follows:-

p 14 ↓

p 3 ante

p 20 ↓

	Rs. as. ps.
Forms IV to VI	6-0-0
Forms I to III	3-0-0
Supplementary pupils	6-8-0.

The increase in the rate of school fees proposed is only four annas above the standard rates and 12 annas for forms IV & V in respect of Forms I to VII. The revised rates suggested by the Ml.cl. may be accepted.

As the revised rates of School fees can be collected from the pupils only after the reopening of the school in June 1951, the Ml.cl. may be permitted to adopt Govt scales of pay with effect from 1.6.51. A draft order is submitted below for approval.

The file may be sent to L.A for remarks prior to circulation.

The financial position of the Bellary Ml. Council is not satisfactory. The Commissioner's reply on p.20 c.f. to the Memo. on p.17 c.f. does not specifically state whether the additional income from the proposed increase in the rates of schools fees is sufficient to cover the additional expenditure involved in the adoption of Govt. scales of pay for the Municipal Secondary school teachers. Education may be requested to obtain the following particulars from the Commissioner before the council's proposal is approved:-

(1) The estimated additional annual income from the proposed increase in the rate of school fees.

(2) Whether the additional income from school fees is sufficient to meet the additional cost involved in the adoption of Govt. scales of pay to the Municipal secondary school teachers and if not how the council proposes to meet the expenditure when its General Account according to the B.E. for 1951-52 works at a revenue deficit of Rs.15,710.

From the Commissioner, Bellary Municipality
Re. No 2730/51 dated 2-2-52.

The proposal in this file is whether the Municipal Council, Bellary may be permitted to adopt the Government Scale of pay for teachers in the two Schools Secondary Schools under its control. The Council decided to meet the extra expenditure involved from

the additional income which would be derived from enhancement at the rate of School fees. Some more particulars were called for from the Commissioner in the matter. His reply is on page 31 c/f.

2. From the reply received it will be seen that the total extra cost on account of the adoption of Government Scales would be Rs 4465/- while the additional income from fees would be Rs 4620/- Thus the additional fee income will cover the extra expenditure involved in the adoption of Government Scales.

3. For orders whether the proposals of the Municipal Council to raise the ~~Scale~~ rate of fees and adopt Government Scale ~~of~~ for teachers may be approved. The draft order already submitted is for approval L.A. and Finance may see.

[The Scales may be adopted from 1.6.52 and the enhanced rate of school fees may be taken effect from the school year 1952-53]

The proposal in this file relates to the question whether the Municipal Council, Bellary, may be

ADDITIONAL DEPUTY SECRETARY 25 MAR 1952 DEPARTMENT

permitted to adopt the Government scales of pay for teacher in the two Secondary Schools, viz. Municipal High School and Muslim Municipal High School under its control. The Municipal Council was asked to examine the possibility of enhancing the rates of school fees levied in the Secondary Schools so as to cover the extra cost involved in the adoption of Government scales of pay. The Municipal Council has proposed to increase the rate of school fees as follows

Forms IV to VI	...	Rs.6-0-0
Forms I to III	...	Rs.3-0-0
Supplementary pupils..		Rs.6-8-0

The increase in the rate of school fees proposed is stated to be only 4 annas above the standard rates in respect of Forms I to III and 12 annas for Forms IV to VI. Education propose to accept the scales suggested by the Municipal Council. They have also stated that the rates of school fees may take effect from the school year 1952-53. Local Administration agree.

The following statement shows in one view the estimated annual income from the proposed increase in the rate of school fees and the extra expenditure involved on account of the adoption of Government scales of pay.-

	Estimated additional annual income from increased school fees. Rs.	Extra cost in adopting Government scales of pay. Rs.
1. Municipal High School	3,700	3,037
2. Muslim Municipal High School	920	1,428
	4620	4465

The figures are not susceptible of check here in the absence of details. It will be seen from the above, that in the case of Municipal High School, the extra cost involved on account of the adoption of the Government scales of pay to teachers is covered by the extra fee income. In the case of Muslim Municipal High School, the Commissioner has stated that as it is a 'net cost institution', the excess expenditure over the increased income from the school fees has to
